Education

2022 – 2027 (exp.)	**Ph.D.** in Economics	Texas A&M University
2017 – 2019	**M.Sc.** in Economics	Higher School of Economics (HSE)
2013 – 2017	**B.A.** in Economics	Higher School of Economics (HSE)

Research Interests

Primary: Macroeconomics and Monetary Economics
Secondary: Financial Economics, Applied Time-Series Econometrics

Work Experience

2019/01 – 2022/04	Economist	Research and Forecasting Department, Bank of Russia
2018/06 – 2018/12	Trainee	Research and Forecasting Department, Bank of Russia

Job Market Paper

"Policy News and Risk Premia in Monetary Policy Announcements" (2026)

Abstract: Economists often measure monetary policy shocks by how much interest rates move in the minutes around FOMC announcements. These moves mix four kinds of news: a genuine policy surprise (the monetary policy shock), news about the economy that the Fed reveals (central bank information), an unexpectedly strong or weak Fed response to public news (the Fed response to news), and a change in the compensation investors demand for bearing risk (the risk premium). Existing methods separate at most three of them. I separate all four, using restrictions from a simple asset pricing model, and ask what goes wrong when one is left out of the identification. Leaving out the Fed response to news distorts the monetary policy shock and makes monetary policy look weaker than it is. Leaving out the risk premium mainly distorts central bank information. The risk premium itself explains most of the movement in long-term yields at announcements, partly reflects news about asset purchases, and is followed by higher housing investment.

Work in Progress

Teaching Experience

Texas A&M University:

Instructor of Record:

Macroeconomic Theory	Spring 2026

Teaching Assistant:

Introduction to Econometrics	Summer 2024, Fall 2024, Spring 2025
Economic Forecasting	Spring 2024, Fall 2025
Economic Data Analysis	Fall 2023
Macroeconomic Theory	Fall 2022, Spring 2023, Summer 2025
International Macroeconomics	Fall 2026

Higher School of Economics:

Teaching Assistant:

Panel Data Analysis (Graduate)	Fall 2019, Spring 2020
Econometrics (Graduate)	Fall 2019
Intermediate Macroeconomics	Spring 2017

Conference Presentations

2026	Midwest Macroeconomics Conference (Texas Tech), North Texas Economic Conference (UT Arlington)
2025	North Texas Economic Conference (UT Arlington), Southern Economic Association (Tampa, FL)
2020	IV Russian Economic Congress (Russian Academy of Sciences)
2019	Modern approaches to forecasting in central banks (Bank of Russia)

Awards

E. Ralph Daniel Scholarship	Texas A&M University, 2025
Doctoral Research, Travel, and Professional Development Award	Texas A&M University, 2025--26
Full tuition merit scholarship	Higher School of Economics, 2017--19
Full tuition merit scholarship	Higher School of Economics, 2013--17

Skills, Languages & Hobbies

Programming: Python, Matlab, R, Stata

Languages: English (fluent), Russian (native)

Hobbies: snowboarding, chess, hiking, and astrophotography
